

What to do with \$10?

What did you decide to do with the \$10? Circle the four actions you chose!

Earn	You can earn money by doing work or putting your money to work for you in investments or savings accounts.
Save	You can set money aside to spend later for a specific purpose.
Spend	You can buy goods like food, clothes, toys or pay for services like a haircut, bike repair, or lesson.
Share	You can give your money to a charity or company that helps other people or a specific cause.

Video Reflection: After you watch the Earn, Spend, Share and video, discuss the following questions with your family. Write your answers below if you want.

1. Why do we save money? What do you save for? What does your family save for?
2. Why do we spend money? What do YOU spend money on?
3. Why do we share or donate money to others?
4. What charities, causes or issues are important to you or your family?

Your Money In Action

1. How can you earn or get money? Include approximately how much you earn for each.

a. \$ _____ from: _____

b. \$ _____ from: _____

c. \$ _____ from: _____

Total: _____

2. Set a savings goal: I would like to SAVE \$ _____ for the purpose of:

3. Name three things you want to SPEND your money on, and the approximate cost:

a. \$ _____ for _____

b. \$ _____ for _____

c. \$ _____ for _____

4. List two charities or causes you would like to SHARE your money with:

Save Spend Share Bar Graph

5. Use the space below to draw a bar graph representing the amount you plan to save, spend, and share. Make sure the total amount you plan to save, spend and share is not more than you earn. Remember to title and label your graph, like in the example slide.

Spend

Share

Save

Additional Activities to Try

MORE AT HOME ACTIVITIES

Using the labels, create three jars where money can be kept safe. Possibly tape pictures of each goal to a jar or simply write a list on each one.

Set up a rule to follow for saving (for example, donate a dime and save a quarter for every dollar received).

Look up charities that your student is interested in donating to and set a goal with your child - consider matching your student's saving and donation amounts.

IN THE REAL WORLD

If you can, go to your bank or credit union and set up a savings account for your child. Have them talk to the bank employee about what the bank does with their money and how they keep it safe. Then show your child how they can keep track of their money in their account.

Show your child how you keep track of the money in your accounts.
